

Freight Services Brokerage For Sale

Nottinghamshire, United Kingdom

£24,500

This opportunity will appeal to a broad spectrum of people who want to own and run their own business, whether they have an extensive knowledge of freight forwarding or not.

Successful franchisees will need to have the personality to sign up new clients and to maintain those client relationships for years to come.

The franchisor will carry out extensive training in all aspects of the business, both initially and ongoing, for the franchisee and their staff. Remember this is a Business to business franchise, with the franchisee acting as a "Broker", he/she is not involved in the collecting and/or delivering of parcels or packages; they merely "Broker" the deal with the most suitable carrier.

FRANCHISE TERMS

The business has as its origins as part of the Unishippers Group, which was formed in the USA in 1987 and has grown to be the world's largest franchisor of express parcel delivery and transportation services. Unishippers began trading in the UK in Manchester in 1999, and started offering franchises in August 2000. Currently there are some 20 franchisees operating in England, Scotland and Wales, and has further opportunities for new franchisees throughout the UK. The business re-branded itself in 2004 to Express Worldwide to better meet the needs of the UK, European and International markets and is now completely autonomous.
