

Direct & E-Commerce Engineering Supplies Business For Sale

Avon, United Kingdom

£1m < 5m

A long established business that supplies industrial/engineering supplies at very competitive prices to a large number of clients, some of which operate under contract. Business also offers a value added service by providing CAN BAN stock replenishment systems. The recent addition of E Commerce sales has proven to be very successful. The company is part of a large buying group and therefore can command very attractive prices.
